

Non-Dilutive Funding Specialists

## The Largest Non Dilutive Funding Consulting Firm

---

FreeMind is the largest consultancy firm that specializes in raising funds from non-dilutive sources such as govt. agencies, private foundations and others. FreeMind has 3 offices and a professional team of 25 full time employees. FreeMind's portfolio includes more than 400 clients including small/mid-size as well as big pharma companies, universities and research institutions. Since it was founded, FreeMind assisted its clients in winning over one billion dollars.

FreeMind aims to maximize our client's non dilutive funding potential based on our vast experience and knowledge, and utilizing a systematic process. FreeMind has had the privilege of serving our clients in dealing with dozens of governmental and non-governmental agencies with almost any funding mechanism, in a variety of scientific fields that range from basic science to clinical research and market stage products.
